District Business

- **Financials** Kevin read through financials. Mike motioned to approve, Trisha . 2nd, unanimous.

- **Minutes** Trisha made motion to approve the minutes, Mike 2nd, unanimous.

- **Discussion on Bob Magie:** Continuing from August's meeting regarding food trucks. Carl updated the board about Food Trucks, the RVs on Bob Magie's property located at 34878 Hwy 101 Business. The Board Members have a lot of concerns and questions. They want to know how many total storage units are needed and plan for the rentals in the back. The waste dump is not for RV rentals but for long-term storage. What's his plans for RV rentals? How does the district charge the RV Rentals for dumping as we have no way to measure or track the sewage. It's very problematic to the Board Members. The Members want to know if there is a cap on the storage/RV sites. Keep an eye on the dump station and look at the telemetry. Carl to discuss many questions and concerns with Bob.

- **City of Astoria**: The City of Astoria's bill was very high, but Carl explained that they have had a turnover in employee's so they were not billing the district and also got a new billing system in the process and had to work out all the troubleshooting.

- **Board Survey**: Link was sent via email. Board Practices and Ethics.
