IN THE MATTER OF SETTING RULES
FOR APPROVAL AND PAYMENT OF
SEWER SERVICE

RESOLUTION 2018-12-4
Supersedes Resolution 2016-12-21

IN THE MATTER of having come before the Board of Directors at a regular Board Meeting on December 4th 2018;

BE IT RESOLVED, Miles Crossing Sanitary Sewer District imposed mandatory guidelines for the approval and payment of SDC and installation costs as set forth below;

- The application for sewer service must be approved at a regularly scheduled Board meeting. The approval will be valid for a period of 60 days. If the SDC and installation fees are not paid by the 60th day, the application is considered invalid and applicant must resubmit an application and apply again at another regularly scheduled Board meeting
- Upon all fees paid, the installation of sewer service will be coordinated between the applicant and District staff. The base rate will be billed immediately to the new customer, regardless if the service is installed or not. When the sewer service begins, the new customer will be billed at the regular monthly service rate.
- If after a period of 12 months has passed and the new service is not in use, or has not been installed due to applicants' request, the District will consider the new service abandoned. The District will refund the installation charges (if service was NOT installed) and 85% of the SDC paid to the District, less any expenses incurred for removal of the service, and the service made available to the next available applicant.

ADOPTED by the Board of Directors of the Miles Crossing Sanitary Sewer District, the day, the fourth of December, 2018 as signed below;
